

INDUSTRIAL EQUIPMENT

# Industrial strength cleaning solutions

# Sweepers

## SW900

### Walk-behind sweepers

- 41" sweep path
- Dual side brooms
- Direct throw sweeper design
- Superior dust control
- Battery operated with up to 3 hours of run-time on a single charge
- Standard onboard battery charger
- Tools-free removable brooms and hopper

## SW3000

### Rider sweepers

- 51" sweep path, dual side brooms with guards
- DustGuard™ dust suppression system
- Lithium Ion batteries
- Color LED UI with pin code entry, no key required
- Dual, lightweight wheeled debris hoppers

## SW4000

### Rider sweepers

- 49" sweep path, battery operated
- OneTouch™ sweeping controls
- Optional DustGuard™ side broom dust suppression system
- MaxAccess™ – industry-best access to critical components
- Liberator™ multi-frequency filter shaker
- High dump debris hopper

## SW5500

### Rider sweepers

- 46" single side broom sweeping path, or 60" dual side brooms sweeping path
- Efficient emissions free battery configuration
- Highly maneuverable
- Innovative main broom wear compensating sweep system
- OneTouch™ sweeping controls

## SW8000

### Rider sweepers

- 65" single side broom sweeping path, or 77" dual side brooms sweeping path
- Kubota® engine provides quiet and smooth operation and superior reliability
- Optional DustGuard™ side broom dust suppression system
- MaxAccess™ – industry-best access to critical components
- Safe, Clear-View™ design

## Proterra

### Rider sweepers

- 51" single side broom sweeping path, or 64" dual side brooms sweeping path
- Optional DustGuard™ side broom dust suppression system
- MaxAccess™
- Safe, Clear-View™ design
- Analog-logic™ sweep system activation
- Power Steering
- Impact absorbing, rust-proof body structure

## Terra 28B

### Walk-behind sweeper

- 28" sweep path
- Maintenance free battery standard
- Quiet operation at 59 dB A
- Standard onboard battery charger

# Walk-behind and stand-on scrubbers

## SC351

### Battery operated micro scrubber

- Patented rotating deck with integrated squeegee allows for forward and backward scrubbing
- Simple and intuitive controls
- Four operating modes
- Compact design and foldable handle for easy storage
- Best in class 64 dB A sound level

## SC550

### Walk-behind scrubbers

- 20" cleaning path, 24" with disc deck
- Four scrub deck options
- Colored touchpoints for ease of use and maintenance
- 7" touchscreen user interface with on-board tutorials
- Smart presets ensure top performance while optimizing water and detergent

## SC750 & SC800

### Walk-behind scrubbers

- Available in 26", 28" and 34" disc and 28" cylindrical scrub paths
- SC800 available in ST models
- Smart Solutions™ available on all models
- EcoFlex™ system available on SC800 models
- Green cleaning and high productivity technology
- SC750 with 21 gallon (80 L) solution and recovery tanks
- SC800 with 25 gallon (95 L) solution and recovery tanks

## SC901

### Walk-behind scrubbers

- Available in 28" and 34" disc or 32" cylindrical scrub paths
- 30 gallon solution tank
- 32 gallon recovery tank
- Optional EcoFlex™ system
- Simple and easy to use paddle interface
- Minimal electronics for increased reliability and lower total cost of ownership
- Control board-free design eliminates costly repairs
- Mechanical scrub and vacuum levers

# Stand-on and rider scrubbers

## SC1500 Disc

### Stand-on scrubbers

- 20" disc scrub path
- Extremely maneuverable and compact
- Productivity of a rider scrubber and cost-efficiency of a walk-behind scrubber
- EcoFlex™ system standard
- Two scrub pressures up to 75 lb
- Quiet mode for daytime cleaning
- 12 gallon solution tank
- 12.5 gallon recovery tank
- Debris catch cage standard
- Onboard charger standard

## SC4000

### Rider scrubber

- 33 gallon solution and recovery tanks
- Available in 28" and 32" cylindrical or 28" and 34" disc scrub paths
- SmartFlow™ speed proportional water/chemical dispensing
- SmartKey™ technology and integral impact detection
- Off-set deck allows edge cleaning without added complexity or cost
- Steering wheel hub, OneTouch™ controls simplifies operation and training optional EcoFlex™ system

## SC5000

### Rider scrubbers

- Available in 32" and 36" cylindrical, and 34" disc scrub paths
- Optional EcoFlex™ system reduces environmental impact and detergent costs
- Safe, Clear-View™ design
- Excellent maneuverability and compact size to get to where the dirt is
- Best in class steering wheel based system controls
- SmartFlow™ reduces detergent costs and extends time between dump-and-refill while using up to 50% less water
- Sealed brush drive system and idlers for cylindrical decks for significantly increased reliability

## SC6000

### Rider scrubbers

- Available in 36" cylindrical or 34" and 40" disc scrub paths
- 50 gallon solution and recovery tank
- SmartFlow™ reduces detergent costs and extends time between dump-and-refill while using up to 50% less water
- SmartKey™ technology and integral impact detection
- Off-set deck allows edge cleaning without added complexity or cost
- Fully protected scrub deck
- Tools-free design
- Optional EcoFlex™ system
- Optional DustGuard™ side broom dust suppression system

# Stand-on and rider scrubbers

## SC6500

### Rider scrubbers

- Available in 40", 45" or 48" disc or cylindrical scrub paths
- Optional EcoFlex™ system
- Tightest aisle turn in its class
- Maintenance-free AC brushless propulsion drive
- 70 gallon solution and recovery tank
- Tubular steel construction
- Clear-View™ design and adjustable tilt steering column
- Powerful offset scrub deck provides edge and high productivity cleaning in a single pass
- Large OneTouch™ controls make operation easy and accessible

## SC8000

### Rider scrubbers

- Industrial cylindrical scrubber (48"), with side scrub (60"), dual side sweep (62")
- Kubota® engine provides quiet and smooth operation, superior reliability with enclosed gear driven valve train, and reduced maintenance costs
- Optional EcoFlex™ system
- Tools-free removable squeegee, brushes and blades
- OneTouch™ functionality
- Large 100 gallon solution and recovery tanks
- Heavy-duty steel front bumper
- Large poly debris hopper
- Adjustable seat and tilt steering wheel
- Safe, Clear-View™ design
- MaxAccess to engine and hydraulics
- Tip out / lift off recovery tank

## Rider sweeper-scrubbers

### CS7010

#### Rider sweeper-scrubbers

- 61" sweep path
- 48 inch scrub path w/pivoting deck
- High efficiency electric drive systems
- High-capacity 75 gallon solution and recovery tanks
- Hybrid (LP, or diesel) or ePower (battery) or fuel cell configurations
- High-capacity 7 ft<sup>3</sup> (198 L) front dry sweeper debris hopper with high-lift system
- SmartFlow™ reduces detergent costs and extends time between dump-and-refill while using up to 50% less water
- Automatic reduced speed in turns

ECOFLEX™

## Combination sweeper-scrubber

### CS7500

#### Combination sweeper-scrubber

- Customizable cleaning presets
- Intuitive touchscreen user interface with onboard training videos and guided maintenance
- Eight language settings
- Compact design with a zero-turn radius
- Multiple battery options, including lithium-ion with up to 7.8 hours of run time
- Enhanced resource efficiency with SmartFlow™ and EcoFlex™
- Colored touchpoints for ease of use and maintenance

## Wet/Dry tank vacuums

### VL500

#### Wet/Dry tank vacuums

- Available in 9, 14 and 19 gallon tank sizes
- Unique filter system protects the motor from water, while ensuring complete wet and dry filtration
- Front mount squeegee standard on VL500-75 optional on VL500-55
- Patent pending ERGO "tip n pour" design is available on VL500-75 and standard "tip n pour" is available on the VL500-55
- Powerful 1,100 Watt motor, 101 CFM
- 50 foot power cord

# Advance

Advance products are manufactured by Nilfisk, Inc., one of the world's largest designers and manufacturers of high quality commercial and industrial floor maintenance equipment.

## Quality

A quality approach to cleaning is the commitment we make to every one of our customers. Along with each machine comes pride, craftsmanship, innovative technology, professional expertise and an international network of parts, maintenance and service support professionals.

## Reducing the cost to clean

Every aspect of our business revolves around creating cleaning solutions that generate superior cleaning results, increase productivity and reduce the cost of ownership. The result is superior cleaning products that drive down the cost of cleaning. The pride we take in production and service will become your pride of ownership when you buy Advance equipment.

## Sustainability

Nilfisk, Inc.'s fundamental attitude to the working environment and pollution is in accordance with the first principle of the United Nations conference declaration on Environment and Development (Rio, 1992): "People are entitled to a healthy and productive life in harmony with nature."

## Parts

Keeping your equipment working effectively is essential for superior cleaning. Advance provides parts and components through our network of professional industrial cleaning dealers to help keep your Advance products working at peak performance. Our parts are designed and built for our machines so they can be counted on to maintain your machines. They are value priced and quality built. By choosing Nilfisk Parts, you can be certain you're getting the quality part you need for your machine.
