

Huskey C-426 AC

HEAVY-DUTY SIT-DOWN TOW TRACTOR

The Taylor-Dunn Huskey C-426 AC is a proven, high-capacity sit-down tow tractor engineered for demanding industrial environments. With a 17 hp AC motor, GT automotive differential, and four-wheel hydraulic disc braking, the Huskey delivers exceptional towing power with outstanding operator comfort — the trusted choice for warehouses, distribution centers, airports, and manufacturing facilities worldwide.

30,000 lb
TOW CAPACITY

10 mph
MAX SPEED

74.5 in
TURNING RADIUS

SAFETY

- Lowers traffic, increases visibility and stability compared to forklifts
- 10 mph max speed with Hi-Low speed control (approximately 5 mph in low)
- Four-wheel hydraulic disc brakes with automatic electric parking brake
- Operator presence switch — disables vehicle when seat is vacated
- Emergency stop switch, reverse buzzer, floor-mounted horn
- Conforms to Type E OSHA 1910.178, ANSI B56.9

ERGONOMICS

- Suspension seat with folding armrests — fully adjustable for operator comfort
- Cushioned-grip automotive-style steering wheel
- Smart View multi-function dash: battery status, hour meter, speedometer & fault codes
- Hi-Low speed switch for confident maneuvering in tight spaces
- Optional enclosed cab with windshields and metal doors
- Remote hitch release lever operable from the operator seat

RELIABILITY

- Four-year factory warranty
- Fully welded 10-gauge steel frame with ½" front push plate and rear counterweight
- 17 hp enclosed AC motor with self-diagnostic speed controller
- GT automotive differential — helical gear, oil-bath transaxle
- Regenerative braking extends battery range and reduces brake wear
- LED headlights, LED taillights, and LED reverse lights standard

PERFORMANCE & SPECIFICATIONS

PERFORMANCE

Tow Capacity	30,000 lb / 13,610 kg
Drawbar Pull — Normal	600 lb / 2.7 kN
Drawbar Pull — Ultimate	3,000 lb / 13.3 kN
Max Speed (Unloaded)	10 mph / 16 km/h
Turning Radius	74.5 in / 189 cm

DIMENSIONS

Overall Length	93.5 in / 237 cm
Overall Width	39 in / 99 cm
Overall Height (– cab)	54 in / 137 cm
Overall Height (+ cab)	82.5 in / 209.5 cm
Wheel Base	43 in / 109 cm
Step Height	19 in / 48 cm
Unit Weight (w/o battery)	2,700 lb / 1,225 kg

POWER SUPPLY / DRIVE TRAIN

Motor	17 hp, Fully Enclosed AC
System Voltage	48V (Traction) / 12V (Accessories)
Drive Axle	GT Automotive Differential
Transmission	Helical Gear, Oil-Bath Transaxle
Battery (from factory)	Less industrial battery
Battery Compartment	32" L × 18½" W × 24" H
Battery Weight Range	1,200 – 1,500 lb (544–680 kg)
Battery Connector	SB350 Blue
Charger	Less charger (off-board, optional)
Controller	Self-diagnostic AC speed controller

CHASSIS & GENERAL

Frame	Fully welded unitized 10-ga. steel, ½" push plate
Steering	Manual, re-circulating ball
Suspension	Front & rear coil springs, rear shock absorbers
Brakes	Four-wheel hydraulic disc + auto electric park brake
Tires (Standard)	4.00 × 8 soft solid, traction tread
Seat	Single, adjustable, black vinyl, spring suspension
Hitch (Standard)	Spring-loaded E-type with hand release lever
Color (Standard)	Red cowl / gray chassis
Maximum Occupancy	1 operator only / 250 lb (113 kg)
Conformance	Type E OSHA 1910.178, ANSI B56.9

OPTIONS

- Portable / built-in charger
- 8 mph speed-limited drive
- Enclosed cab frame with wiper
- Non-marking soft solid tires
- 15½ × 6 × 10 cushion tires
- Cab-compatible E-type hitch
- Heavy-duty pintle hitch (rear)
- Reverse lights
- Motion alarm
- Blue pedestrian light — rearward
- Galvanizing / undercoating
- 48V, 340 AH industrial battery
- Left-side battery extract frame
- Metal doors with window (cab)
- Extra-wide traction tires
- E-type hitch with remote release
- Combination pintle / 2" ball hitch
- Heavy-duty pintle hitch (front)
- Directional signals
- Blue pedestrian light — forward
- Beacon or strobe light
- Custom paint color

4-Year Factory Warranty

Our vehicles are built to last, and our warranty stands behind that. As part of our continued commitment to deliver durable, high-quality and trusted vehicles, our four-year warranty covers every Taylor-Dunn vehicle we manufacture.
